

LISTEN. ACT. FOLLOW UP.

FOR PGT PRESIDENT

A manifesto for a more connected PGT community.

Postgraduate representation should not stop when the meeting ends. It should lead to **action, clear communication**, and a student community that feels heard.

THE PLATFORM

1

REPRESENTATION THAT ACTUALLY FOLLOWS THROUGH

A clear feedback loop between PGT students, PGT Reps, the Students' Association and the University. Students should know where concerns are going, what's being done, and the outcome of an honest explanation, not a mysterious "we'll take this under consideration."

2

STRONGER SUPPORT FOR PGT REPS

Regular opportunities for Reps to share concerns, get support, collaborate across Schools and develop their own ideas so issues get followed up, not lost in the system.

3

EVIDENCE-BASED STUDENT ADVOCACY

Listen, evaluate and use evidence, act. Feedback backed by clear evidence so issues are presented constructively and solutions are taken seriously.

4

A MORE ACCESSIBLE POSTGRADUATE VOICE

You shouldn't need to know the right committee, person, or jargon to be heard especially if you're new to university life, a new country, School or programme.

5

A POSTGRADUATE COMMUNITY, NOT JUST A DEGREE

More events that actually suit PGT students inclusive, accessible, and built on the most important form of student diplomacy, free pizza (Cause why not?).

WHY ME?

Experience on both sides of student governance, as President of the University of Southampton Malaysia Students' Association, representing the student community and working with university management. As Student Representative and SSLC Co-Chair, listening to students, presenting their concerns, and working with staff.

Not running because I have all the answers running because I'm willing to listen, ask difficult questions, do the work, and follow things through.

VOTE RAYAAN — PGT PRESIDENT
