

J 1-19 Motion on Removing People from Subcommittee Committees

Councils notes

1. Complaints by Councillors about inactive subcommittee committee members have been a long-lasting issue for the students association.
2. Some Subcommittee committees already have mechanisms for removing inactive members, while others do not.
3. Among Subcommittees that do have mechanisms for removing members, there is a wide degree of variance on how these mechanisms work.

Believes

1. That being a committee member of a Subcommittee committee of the Student's Association is a privilege, and comes with responsibilities to perform one's duties adequately.
2. That there need to be clear consequences for those who fail to uphold these responsibilities.
3. Mechanisms for removing subcommittee committee members need to be consistent across all Subcommittees.
4. Any mechanism for removing subcommittee committee members should give them an opportunity to improve before moving to remove them.
5. All members removed from committees should have the right to appeal if they are dissatisfied with the decision to remove them.

Resolves

To report the following amendments to the Laws of the Association to SAB with the recommendation that the same do pass:

1. To add to Chapter Six of the Laws a section on "Removing subcommittee committee members" and update accordingly
2. To grant Councillors the ability to remove members of subcommittee committees if they fail to perform their duties as codified in the constitution, or miss two or more meetings without adequate reason.
3. That Councillors can only remove subcommittee committee members after a warning has been given, and after consultation with their Sabbatical line manager.
4. That any subcommittee committee member removed by shall have the right to appeal to the Student's Association Executive, who will make the final decision regarding their membership
