4. Reports of Sabbatical Officers

4.1. Report of the Association Director of Education

Zach had attended alumni weekend events and the Rectorial installation. Courthead met last week, and the new music centre had been approved, to be located by the Bute building. Additionally to that, a professional services redevelopment project had also been approved that would see administrative functions moving to the Eden campus. This would free up space within town for learning and teaching, study spaces etc.

Zach was working with Charlotte on enterprise education ideas. The focus was helping students identify key skills gained from classes and extracurricular activities.

The UCU strikes were over for now, as UCU had voted in favour of the latest deal.

4.2. Report of the Association Director of Wellbeing

Claire had been working on Rectorial events last week. She was in the process of adding content to society president training about running inclusive events, and doing some work with CAPOD. Claire had been meeting with new officers reporting to the DoWell. There would be upcoming announcements about healthcare provision soon. The University were carrying out a review of the wardennial system and hall support: comments were welcome.

4.3. Report of the Athletic Union President

Tom reported on alumni weekend – the Rugby Sevens on Saturday had been a particular success. Awards would be given out on Friday – there would be a dinner plus a ceremony, which would be livestreamed. There was a Polo tournament on Saturday. The AU executive for 2018-19 had been selected, and a summer intern appointed looking at marketing and business development.

4.4. Report of the Association President

Lewis reported on the Rectorial events and alumni weekend, and offered thanks all round. He encouraged new officers to meet with current and incoming sabbaticals. The sabbatical team was working on May Dip, and needed volunteers for the beach cleanup. Lewis was writing papers – and election review for the University, looking at governance: the advocacy review for Board: and a look at streamlining the Association constitution and laws. Paloma would bring the latter back to Councils in the new academic year.
